In class we looked at a book
about the park.
There is so much
to see at a park!

We will go to this park.
Our class hopes
we will see everything.
We hope there is time to play!

Look in this grass.
Snakes glide back and forth.
Black eyes shine bright.

Birds sit up high.
Look at that long branch.
Birds fly high in the sky.

Look at that gray fox by that brook!
He is much bigger
than he looked in that book.

Look at the three snails!
We like them best.
They go so slow along the wood!

It was a good day
at the park.

We stood and took a picture so that
we can remember our fun day.
