We use honey in many ways.

We can eat honey.

It is sweet and good!

We can take honey on a picnic.

We can use honey to cook.

We can use it to make bread.

We can also use it to make cakes.

 We can use honey when we are sick.
It may help us feel good.

 We can put honey in the tub.
We can mix honey with the water.
The honey can make our skin soft.

Bees make sweet honey.

We use it in many ways.

What are the ways your family uses honey?

Think of some other new ways to use it.
